

Tournament Sponsor...

Part of Mille Lacs Energy Cooperative's mission statement includes "enhance the quality of life for people.....while holding our employees, our communities, and our environment in high regard".

Environmental education for our youth is a very important component of this. We are pleased to take the lead sponsorship for the Long Lake Conservation Foundation's annual golf tournament fundraiser.

As a Touchstone Energy Cooperative, Mille Lacs Energy partners with the Minnesota State Park System in project GreenTouch. Each year in May, cooperative employees and members can be found at the Mille Lacs Kathio State Park and the Cuyuna Recreation Area planting trees and doing spring clean up.

Cooperative members help support wind energy through the cooperative's Wellspring program. Mille Lacs Energy's wholesale power supplier is well on the way to producing 25% of their electricity from renewable resources by 2025.

Mille Lacs Energy promotes the wise use of electricity through energy audits and by providing rebates for purchasing Energy Star lighting and appliances. The cooperative also provides coupons to help with the recycling of fluorescent bulbs.

Mille Lacs Energy, [www.mlecmn.net](http://www.mlecmn.net), serves over 12,000 members in parts of Aitkin, Crow Wing & Mille Lacs counties with its headquarters located in Aitkin.
